## WORK EXPERIENCE

**Full Stack Developer (with Frontend Focus)**

2019 - 2022

**Derich | Akinwowo Lagos**

In this role, my primary focus is on creating a delightful user experience through frontend development while also collaborating with backend counterparts to deliver a well-rounded and efficient full-stack solution.

**Frontend Development**

2017 - 2019

**MTN | 106 Ishaga Rd**

As a Frontend Developer, my role is centered around creating visually appealing, responsive, and user-friendly interfaces while collaborating with cross-functional teams to deliver high-quality web applications.

**Responsive Design:**

2015 - 2017

**Jiji Africa | 350, Borno Way Yaba, Lagos**

Role Overview:

During my tenure as a Responsive Design Specialist at jiji, I played a pivotal role in crafting seamless and user-friendly digital interfaces that adapt flawlessly to diverse devices. Working collaboratively with design and development teams, my focus was on implementing responsive design principles to elevate the overall user experience.
